5. INTENT OF CONTRACT DOCUMENTS.

The provisions and exhibits of the Order/Agreement shall be construed as a whole. They are complementary and what is required by anyone shall be as binding as if required by all. The intent of the Order/Agreement is to include all labor, materials, equipment, tools, plant and other items necessary for the proper execution and completion of the Work. If Contractor believes there are or may be any errors, omissions or inconsistencies in the provisions and exhibits of the Order/Agreement or if Contractor has any doubt as to the meaning thereof, Contractor shall immediately submit the matter to Northrop Grumman Systems Corporation for written clarification. If Contractor fails to promptly notify Northrop Grumman of any errors, omissions or inconsistencies in the provisions and exhibits of the Order/Agreement, Contractor shall be deemed to have waived any right to assert at any later date in any legal proceeding against Northrop Grumman any errors, omissions or inconsistencies in the provisions and exhibits of the Order/Agreement. Any Work performed before receipt of such clarification shall be at Contractor's risk and expense. If any clarification is needed, Northrop Grumman Systems Corporation shall clarify the same by issuing a written field order pursuant to the "Changes" clause. However, notwithstanding the provisions of said clause, there shall be no increase in the Order/Agreement price or extension of the time for completion on account of any misdescription or omissions of details of the Work which are clearly necessary to carry out the intent of the documents or which are customarily performed or furnished by Contractors. Such misdescribed or omitted details shall be performed or furnished by Contractor without extra compensation as if correctly and fully set forth in the documents.

7. LOCATION OF WORK, SITE INVESTIGATION AND REPRESENTATIONS.

A. The Work under this Order/Agreement shall be performed at such place or places as shall be designated in this Order/Agreement and at such other place or places as may be necessary. Work or the cost thereof under this Order/Agreement. Any failure by Contractor to acquaint itself with all the available information concerning these conditions shall not relieve Contractor from responsibility for estimating properly the difficulty or cost of successfully performing the Work.

B. Northrop Grumman Systems Corporation assumes no responsibility for any understanding or representation made by any of its employees, agents or representatives during or prior to the execution of this Order/Agreement, unless such understanding or representation by Northrop Grumman Systems Corporation is expressly stated in this Order/Agreement. Any such representation or understanding made but not so expressly stated in the Order/Agreement and for which liability is not expressly assumed by Northrop Grumman Systems Corporation herein shall be deemed only for the information of Contractor and Northrop Grumman Systems Corporation and shall not render Northrop Grumman Systems Corporation responsible or liable.

C. No claim of Contractor under this clause shall be allowed unless Contractor has given the notice required in 8.A.; provided, however, the time prescribed therefore may be extended by Northrop Grumman Systems Corporation in writing.

with the instructions on said forms. Failure to deliver acceptable bonds within the time allowed shall constitute a material breach of this Order/Agreement and entitle Northrop Grumman Systems Corporation to (A) cancel Contractor's right to proceed with the Work, and (B) recover from Contractor any damages resulting from such breach. If any surety on such bonds becomes unacceptable to Northrop Grumman Systems Corporation if the Order/Agreement price is substantially increased after such bonds are delivered, Contractor shall promptly deliver such acceptable additional bond security as Northrop Grumman Systems Corporation may require.

- C. Contractor shall remain fully responsible for all the Work covered by this Order/Agreement, whether or not said Work is subcontracted.
- D. Neither consent by Northrop Grumman to any subcontract or any provisions thereof nor approval of Contractor's bidding processes or purchasing system shall be construed to be a determination of the acceptability of any subcontract price or of any amount paid under any subcontract or to in any way relieve Contractor of any responsibility for performing this Order/Agreement. Contractor shall be fully liable to Northrop Grumman for the acts and omissions of all subcontractors of every tier and their respective agents, representatives and employees.

Northrop Grumman will notify Contractor in writing of any objection to any subcontractor on such list.

- H. Nothing in the contract documents shall create any contractual relationship between any subcontractor and Northrop Grumman or any obligation on the part of Northrop Grumman to pay or to see to the payment of any moneys due any subcontractor, except as may be required by law.

- C. Except as provided in 13.A. and 13.B., no order, statement or conduct of the Northrop Grumman Systems Corporation Purchasing Representative, or of any inspector, engineer, architect or other employee or representative of Northrop Grumman Systems Corporation shall be treated as a change under this clause or entitle Contractor to an equitable adjustment hereunder.
- D. If any change under this clause causes an increase or decrease in Contractor's cost of, or the time required for the performance of any part of the Work under this Contract, whether or not changed by any order, an equitable adjustment shall be made and the Order/Agreement modified in writing accordingly; provided, however, that except for claims based on defective specifications, no claim for any change under 13.B. shall be allowed for any costs incurred more than twenty (20) days before Contractor gives written notice as therein required; and provided further, that in the case of defective specifications for which Grumman Systems Corporation is responsible, the equitable adjustment shall include any increased cost reasonably incurred by Contractor in attempting to comply with such defective specifications.
- E. Ordinarily a field order will not be issued under 13.A. until the parties have agreed upon the final and entire equitable adjustment, if any, to be made

on account of the order and the agreed adjustment will be set forth in the Order/Agreement. However, whenever Northrop Grumman Systems Corporation deems it necessary, an order may be issued pursuant to 13.A. before agreement has been reached; notwithstanding any dispute or delay in reaching agreement, Contractor shall immediately proceed in accordance with any such order; no such order shall be construed as an admission by either party that the order changes the requirements of the Contract nor prejudice the rights of either party with respect to the adjustment, if any, either party may be entitled to on account of the order.

The statement of claim hereunder may be included in the notice under 13.B. Promptly after submission of each statement or claim hereunder (and preferably with each statement of claim) Contractor shall submit to Northrop Grumman Systems Corporation a modification proposal in accordance with the "Price Breakdown and Invoices" clause.
- G. No claim by Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under this Order/Agreement.

A. Export Compliance.

States Code 2401-2420 (Export Administration Act of 1979, as amended), 50 United States Code 1701-1706, (International Emergency Economic Powers Act, as amended), and 15 Code of Federal Regulations 768 – 799 (Export Administration Regulations) and their successor and supplemental laws and regulations (collectively hereinafter referred to as the "Export Laws and Regulations"). Prior to any proposed re-transfer, Seller shall first obtain the written consent of the Buyer. No consent granted by Buyer in response to Seller's request shall relieve Seller of its obligations to comply with the provisions of paragraph A. of this Clause or the Export Laws and Regulations, nor shall any such consent constitute a waiver of the requirements of paragraph A. hereinabove, nor constitute consent for Seller to violate any provision of the Export Laws and Regulations.

B. Import Compliance.

Both parties shall comply with all U.S. Customs laws and regulations (e.g., 19 CFR) and all other applicable U.S. government regulations pertaining to importations of goods and materials into the United States.

Unless otherwise agreed in writing, NGC will not assume any import liabilities for goods procured through a domestic purchase order.

C. Indemnification.

Seller shall indemnify and save harmless Buyer from and against any and all damages, liabilities, penalties, fines, costs, and expenses, including attorneys fees, arising out of claims, suit, allegations or charges of Seller's failure to comply with the provisions of this Clause and breach of the warranty set forth in paragraph A or B. Any failure of Seller to comply with the requirements or any breach of the warranty contained in this Clause shall be a material breach of this Order.

D. Subcontracts.

The substance of this Clause shall be incorporated into any lower-tier subcontract or purchase order entered into by the Seller for the performance of any part of the work under this Order.

E. Notification.

Seller agrees to provide prompt notification to Buyer in the event of changes in circumstances such as ineligibility to contract with US Government, debarment, assignment of consent agreement, and initiation or existence of a US Government investigation, that could affect Seller's performance under this contract.

33. MATERIAL AND WORKMANSHIP.

A. Unless otherwise specifically provided in this Order/Agreement, all material (which term as used in this Order/Agreement shall include all materials, equipment and other items incorporated or to be incorporated in the Work covered by this Order/Agreement) shall be new and of the most suitable grade for the purpose intended.

B. Unless otherwise specifically provided in this Order/Agreement, reference to any material or patented process by trade name, make or catalog number, whether or not coupled with the words "or equal," shall be regarded as establishing a standard of quality and shall not be construed as limiting competition, and Contractor may, at his option, substitute any material or process which, in the judgment of Northrop Grumman Systems Corporation, is equal to that so referred to. All substitutions, including "or equal" items, must have the prior written approval of Northrop Grumman Systems Corporation.

C. When required by this Order/Agreement or when requested by Northrop Grumman Systems Corporation, Contractor shall promptly furnish to Northrop Grumman Systems Corporation for its approval full information concerning, and samples

of, the material to be incorporated in the Work. Material installed or used without required approval shall be at the risk of subsequent rejection.

D. Approval by Northrop Grumman Systems Corporation of material shall not relieve Contractor of any warranty with respect thereto or any obligation or liability in connection with this Order/Agreement.

E. All Work under this Order/Agreement shall be performed in a skillful and workmanlike manner.

34. CODES AND STANDARDS.

Material and workmanship specified by reference to codes or standards shall, unless otherwise specified, comply with the latest revision of such codes or standards in effect on the effective date of the Order/Agreement.

35. PROTECTION OF PROPERTY.

At all times Contractor shall use suitable precautions to prevent damage to Northrop Grumman Systems Corporation property or the property of third parties. If any such property is damaged by any negligent act or omission of Contractor or any of its subcontractors of any tier or any of their respective agents or employees in connection with the performance of this Order/Agreement, Contractor shall, at no cost to Northrop Grumman Systems Corporation, promptly and equitably reimburse the owner of such property for such damage or repair or otherwise make good the same to the owner's satisfaction. If Contractor fails to do so, Northrop Grumman Systems Corporation may do so and charge to or otherwise recover from Contractor the cost thereof. This clause shall not be construed to relieve Contractor of, or limit, Contractor's liability under any other provision of this Order/Agreement for loss or destruction of or damage to any property.

36. PROTECTION OF MONUMENTS AND MARKS.

Contractor shall carefully protect all land monuments and property marks from disturbance and damage and shall not move the same without the prior written consent of Northrop Grumman Systems Corporation.

37. PROTECTION OF WORK AND MATERIAL.

At all times Contractor shall adequately protect from damage or deterioration all Work performed and all materials, equipment and other items incorporated or to be incorporated therein. All reasonable requests of Northrop Grumman Systems Corporation to enclose or otherwise protect such property shall be complied with promptly at no cost to Northrop Grumman Systems Corporation.

38. RISK OF LOSS.

Contractor shall bear the risk of any loss or destruction of or damage to the Work performed under this Order/Agreement or any materials, equipment or other items incorporated or to be incorporated therein until the completion of the Work and its final acceptance by Northrop Grumman Systems Corporation.

39. INSPECTION AND ACCEPTANCE.

A. Contractor shall (1) maintain an adequate inspection system and perform such inspections as will assure that the Work will be free from defects and otherwise conform to the Order/Agreement requirements and (2) maintain and make available

- to Northrop Grumman Systems Corporation adequate records of such inspections.
- B. Contractor shall (1) be responsible for notifying the appropriate city, county or other inspection agency whenever the Work has advanced to the point at which an inspection is required under this Order/Agreement or any applicable law or ordinance, (2) have the Work ready for inspection upon the arrival of such inspectors, and (3) notify Northrop Grumman Systems Corporation in advance, when possible, of their arrival.
 - C. All material and workmanship shall be subject to inspection and test by Northrop Grumman Systems Corporation at all reasonable times and places, including the period of manufacture or performance and the premises of subcontractors and suppliers.
 - D. No inspector (other than the Northrop Grumman Systems Corporation Purchasing Representative) is authorized to change any of the Order/Agreement requirements.
 - E. Neither the presence nor absence of an inspector, nor any inspection or test performed, nor any failure to discover defective or nonconforming Work shall relieve Contractor of any Order/Agreement requirement.
 - F. If the Specifications call for the Work to be covered or buried (as in the case of certain conduit or pipes) Contractor shall, at no cost to Northrop Grumman Systems Corporation, uncover or remove such portion of the Work as may be necessary if Contractor covered or buried the Work prior to Northrop Grumman Systems Corporation having fully inspected and approved the Work.
 - G. Contractor shall, at no cost to Northrop Grumman System Corporation, promptly and satisfactorily replace any material and correct any workmanship found to be defective or otherwise not in conformity with the Order/Agreement requirements, unless Northrop Grumman consents in writing to accept such material or workmanship with an appropriate adjustment in the Order/Agreement price, in which event the Order/Agreement shall be modified in writing accordingly. Contractor shall promptly segregate and remove rejected material from the site.
 - H. If Contractor does not promptly and satisfactorily replace rejected material or correct rejected workmanship, Northrop Grumman may (1) by contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to Contractor, or (2) terminate or cancel Contractor's right to proceed in accordance with the "Cancellation for Default-Damages for Delay" clause.
 - I. Contractor shall furnish all facilities reasonably needed for such inspection and test as may be performed by Northrop Grumman Systems Corporation. All inspection and test by Northrop Grumman Systems Corporation shall be performed in such manner as not unnecessarily to delay the Work. Contractor shall be charged with any additional cost of inspection if the Work is not

ready for inspection at the time stated or advised by Contractor.

- J. Should it be considered necessary by Northrop Grumman Systems Corporation at any time before acceptance of the entire Work to make an examination of Work already completed, by removing or tearing out same, Contractor shall, on request, promptly furnish all necessary facilities, labor and material. If such Work is found to be defective or nonconforming in any material respect due to the fault of Contractor or his subcontractors Contractor shall defray all the expenses of such examination and of satisfactory reconstruction. If, however, such Work is found to meet the requirements of the Order/Agreement, an equitable adjustment shall be made in the Order/Agreement price to compensate Contractor for the additional Work involved in such examination and reconstruction and, if completion of the Work has been delayed thereby, Contractor shall, in addition, be granted a suitable extension of time and the Order/Agreement shall be modified in writing accordingly.
 - K. Unless otherwise provided in this Order/Agreement, final acceptance by Northrop Grumman Systems Corporation shall be made as promptly as practicable after completion and inspection of all Work required by this Order/Agreement. Final acceptance shall be conclusive except as regards latent defects, fraud or such gross mistakes as may amount to fraud, and except as regards Northrop Grumman Systems Corporation rights under the "Warranty" clause or under any other warranty or guarantee made or given in connection with this Order/Agreement.
- 40. PRICE BREAKDOWN AND INVOICES.**
- A. Within ten days after commencing Work, Contractor shall submit to Northrop Grumman Systems Corporation for approval a breakdown of the total Order/Agreement price. Such breakdown shall consist of an allocation of costs for all items of labor, materials, equipment, supplies, services and all other expenditures of whatever nature which may be chargeable to the Work by Contractor and each of its subcontractors.
 - B. The construction and equipment cost breakdown requirements shall be provided to Northrop Grumman Systems Corporation in such a manner as to provide reasonable cost allocations and description for depreciation and insurance purposes.
 - C. Contractor shall submit to Northrop Grumman Systems Corporation an invoice for each payment provided for in this Order/Agreement. Each invoice shall be in the form prescribed by Northrop Grumman Systems Corporation and shall be accompanied by such evidence in support thereof as may reasonably be required by Northrop Grumman Systems Corporation.
 - D. The invoice shall be serially numbered and Northrop Grumman Systems Corporation Order/Agreement number must appear the invoice.

- E. Contractor, in connection with any proposal it makes for a Contract modification pursuant to the "Changes" clause or any other clause of this Order/Agreement shall furnish a price breakdown, itemized as required by Northrop Grumman Systems Corporation. Unless otherwise directed, the breakdown shall be in sufficient detail to permit an analysis of all material, labor, equipment, subcontract and overhead costs, as well as profit and shall cover all Work involved in the modification, whether such Work was deleted, added or changed. Any amount claimed for subcontracts shall be supported by a similar price breakdown. In addition, if the proposal includes a time extension, a justification therefore shall be furnished.
- F. Contractor shall furnish for that portion of the Work covered under each invoice submittal:
- (1) A list of every subcontractor, material man, laborer and other person furnishing services, labor or materials in connection with the Work, and
 - (2) A receipt in full together with an affidavit that the receipt covers all the services, labor, equipment, and materials for which a lien might be filed, or
 - (3) Except as covered by the release or receipt in full, Contractor may furnish a bond satisfactory to Northrop Grumman Systems Corporation against any claim or lien or otherwise.

41. PROGRESS PAYMENTS.

- A. No progress payments will be made under Order/Agreement unless this Order/Agreement contains another clause specifically providing that progress payments will be made. If so provided for, Northrop Grumman Systems Corporation shall make progress payments monthly as the Work proceeds (or at more frequent intervals if deemed advisable by Northrop Grumman Systems Corporation). The approved price breakdown shall be used as the basis for determining progress payments. Subject to the retention provided for in Clauses 41.B, and 42., and subject to the approval by Northrop Grumman Systems Corporation of the estimated values involved, each progress payment shall be equal to the estimated value of Work in place at the site plus the value of materials purchased and suitably stored at the site for timely and permanent incorporation in the Work, less the total of all previous payments and retention, provided that such estimated values shall not include any Work added by field order until the price adjustment for such Work has been incorporated in the Order/Agreement by a change order or other Order/Agreement modification signed by both parties.
- B. In making progress payments, ten percent of each such payment shall be retained by Northrop Grumman Systems Corporation until completion and final acceptance of all of the Work under the Order/Agreement. However, if Northrop Grumman Systems Corporation at any time after 50 percent of the Work has been completed finds that satisfactory progress is being made, it may make any of the remaining progress payments in full. Also, whenever the Work is substantially complete, Northrop Grumman Systems Corporation, if it considers the amount retained to be in excess of the amount adequate for the protection of Northrop Grumman Systems Corporation, may release to Contractor all or a portion of such excess amount. Further, on completion and acceptance of any separate part of the Work for which a price is stated separately in the Order/Agreement, payment may be made therefore without retention.
- C. All material and Work covered by progress payments made shall thereupon become the sole property of Northrop Grumman Systems Corporation, but this provision shall not be construed as relieving Contractor from the risk of loss of or the sole responsibility for all material and Work upon which payments have been made, or from Contractor's obligation to restore any damaged material or Work, or as waiving the right of Northrop Grumman Systems Corporation to require the fulfillment of all of the terms of this Order/Agreement. This paragraph shall not apply to scrap or materials furnished by Contractor that are not intended for permanent incorporation in the Work, and the same shall remain the property of Contractor.

42. FINAL PAYMENT.

Upon (a) the final acceptance by Northrop Grumman Systems Corporation of all of the Work called for by this Order/Agreement, (b) the submission by Contractor, if requested, of an affidavit, together with receipts, releases or other satisfactory evidence in support thereof, stating that all payments and claims for which Contractor is responsible hereunder have been made or settled, except as specifically listed therein, and (c) the submission by Contractor as required by Clauses 40. and 43. of a release and waiver by Contractor of all liens and rights of lien and all claims against the Work site or property and Northrop Grumman Systems Corporation under or arising out of this Order/Agreement or its performance other than such claims, if any, as may be specifically excepted by Contractor from the operation of the release in stated amounts set forth therein or in estimated amounts where the amounts are not susceptible of exact statement. Northrop Grumman Systems Corporation shall pay Contractor the amount due Contractor under this Order/Agreement, provided, however, that Northrop Grumman Systems Corporation may retain from any payment, until the claim involved is settled, such amount as may reasonably be necessary to protect Northrop Grumman Systems Corporation from loss on account of any lien, claim, suit or action for which Contractor is responsible under this Order/Agreement or any claim Northrop Grumman Systems Corporation may have against Contractor in connection with this Order/Agreement.

43. PAYMENT FOR LABOR, MATERIAL, AND WAIVER OF LIENS AND RELEASE OF LIENS.

- A. Contractor shall be responsible for the prompt payment of all persons who perform labor upon or furnish services, materials, equipment, supplies or

other items (including but not limited to water, gas, power, light, heat, oil, gasoline, telephone service and rental of equipment) used or to be used in the performance of the Work called for by this Order/Agreement.

- B. Contractor shall (1) indemnify and save harmless Northrop Grumman Systems Corporation from all claims, demands, causes of action or suits of whatever nature arising out of the services, labor and materials furnished by Contractor or its subcontractors and from all laborer's, material men's and mechanic's liens upon the real property upon which the Work is located arising out of the services, labor and materials furnished by Contractor or any of its subcontractors under this Order/Agreement, and (2) keep said property free and clear of all liens and claims and encumbrances arising from the performance of this Order/Agreement by Contractor or its subcontractors.
- C. Contractor for its subcontractors, material men, laborers and for all other persons performing any labor or furnishing any services, labor or materials for any of the Work, hereby waives, to the full extent permitted by law, all right to file or maintain any mechanical or other liens or claims for and on account of the services, labor or materials to be furnished hereunder.
- D. It is the intention of the parties hereto, and Contractor agrees, that if Contractor or any of its subcontractors of any tier fail to pay all such persons, Northrop Grumman Systems Corporation may, at any time after five (5) days' written notice to Contractor, pay such persons directly and deduct such payments from any amounts due Contractor hereunder.

E. RELEASE OF LIENS.

Contractor shall furnish for that portion of the work covered under each invoice submittal:

- 1) A list of every subcontractor, material man, laborer and other person furnishing services, labor or materials in connection with the work, and
- 2) Original, duly executed unconditional waiver and release upon progress payment, or, , unconditional waiver and release upon final payment, in a form specified by NGSC for itself, every subcontractor, material man, laborer and other person furnishing services, labor, equipment, or materials in connection with the work, or
- 3) Original, duly executed Conditional Waiver and Release Upon Progress Payment, or, Conditional Waiver and Release Upon Final Payment, for itself, every subcontractor, material man, laborer and other person furnishing services, labor, equipment, or materials in connection with the work, or except as covered by the release or receipt in full, Contractor may furnish a bond satisfactory to NGSC against any claim or lien or otherwise.

F. CONTRACTOR RESPONSIBILITY.

Contractor shall be responsible for verifying that all subtier level contractors have provided duly executed lien releases to their customers, and/or the contractor, thus relieving NGSC of the liability for those contracts.

44. MAINTENANCE INFORMATION AND TOOLS.

For each piece of equipment installed in the Work, Contractor shall, as a condition precedent to final payment, provide Northrop Grumman Systems Corporation with the following: three (3) each of working drawings, operating instructions, performance curves and data, and maintenance and parts manuals, and one (1) each of nonstandard tools required in the normal maintenance, adjustment, use and operation of the equipment. For small commercial standard equipment the information and tools to be provided shall be limited to that normally available from the manufacturer. The provisions of this clause do not apply to Northrop Grumman Systems Corporation furnished equipment.

45. PAYMENT OR TERMINATION OF SUBCONTRACTORS.

- A. If Contractor fails to pay any of its subcontractors and such failure jeopardizes the completion of the Work within the time specified in this Order/Agreement, then Northrop Grumman Systems Corporation, upon notice to Contractor, may make payment directly to any such subcontractor in accordance with the actual subcontract price for work performed under this Order/Agreement. To the extent of any such direct payments to a subcontractor, payments made to Contractor or to be made, or both shall be adjusted and any refund due Northrop Grumman Systems Corporation as a result of such adjustment shall be promptly paid.
- B. In addition, Northrop Grumman Systems Corporation may terminate the Work under the Order/Agreement being performed by any subcontractor in accordance with the clause herein entitled "Termination for Convenience" and (1) contract directly with such subcontractor, or (2) upon request by Northrop Grumman Systems Corporation the Contractor shall assign the subcontract involved to Northrop Grumman Systems Corporation. The terms and conditions of Contractor's subcontracts shall make Northrop Grumman Systems Corporation a third party beneficiary to the Termination for Convenience Clause by giving Contractor or Northrop Grumman Systems Corporation the right to terminate the subcontract.

46. NORTHROP GRUMMAN SYSTEMS CORPORATION FURNISHED PROPERTY.

- A. Northrop Grumman Systems Corporation shall deliver or cause to be delivered to Contractor, for installation under or other use in the performance of this Order/Agreement, the property, if any, described in this Order/Agreement as property to be furnished by Northrop Grumman Systems Corporation. The Furnished Property shall be installed or used in accordance with any provisions of this Order/Agreement that specifically refer to its

installation or use and, to the extent such property is not specifically referred to it, shall be used wherever practicable, provided that it complies with the specifications and this Order/Agreement. In no event shall the Furnished Property be used where it does not comply with the specifications and the Order/Agreement and the fact that it is furnished shall not be construed as establishing that it does comply. The Order/Agreement price and time for completion specified in this Order/Agreement are based upon the expectation that the Furnished Property will be delivered to Contractor in a condition suitable for the intended use (except for property to be furnished "as is") at the time stated in the Order/Agreement, or if not so stated, in sufficient time to enable Contractor to meet such time for completion. If the Furnished Property is not delivered within such time or is received by Contractor in a condition not suitable for the intended use, Contractor shall promptly notify Northrop Grumman Systems Corporation in writing and Northrop Grumman Systems Corporation shall promptly issue a written field order pursuant to the "Changes" clause to provide for the return, repair or other disposition of any unsuitable property (except for property to be furnished "as is") and for the furnishing or procurement of substitutes for any undelivered property, or for such other remedial action as may be appropriate. The parties shall then proceed in accordance with the "Changes" clause, an equitable adjustment shall be made as provided therein and the Order/Agreement shall be modified in writing accordingly. The foregoing provisions for adjustment are exclusive and Northrop Grumman Systems Corporation shall not be liable to suit for breach of contract by reason of any delay in delivery of Furnished Property or delivery of such property in a condition not suitable for the intended use.

- B. Northrop Grumman Systems Corporation may, by a written field order issued pursuant to the "Changes" clause, increase, and decrease or change the property to be furnished by Northrop Grumman Systems Corporation.
- C. Title to all Furnished Property is and shall remain in Northrop Grumman Systems Corporation.
- D. Contractor shall maintain suitable and accurate records, acceptable to Northrop Grumman Systems Corporation and open to its inspection, showing the receipt, use and disposition of all Furnished Property.
- E. The Furnished Property shall, unless otherwise provided herein, be used only in the performance of this Order/Agreement.
- F. At all times Contractor shall adequately protect from damage or deterioration all Furnished Property. All reasonable requests of Northrop Grumman Systems Corporation to enclose or otherwise protect such property shall be complied with promptly at no cost to Northrop Grumman Systems Corporation.

- G. Northrop Grumman Systems Corporation shall at all reasonable times have access to the premises wherein any Furnished Property is located.
- H. Contractor, upon delivery to it of any Furnished Property, assumes the risk of and shall be responsible for any loss or destruction of or damage to such property. Contractor shall promptly report to Northrop Grumman Systems Corporation all instances of loss, destruction or damage of Furnished Property. When the Furnished Property is no longer needed by Contractor for the performance of this Order/Agreement and in event upon the completion (or termination or cancellation) of the Work, and as a condition precedent to its final acceptance, Contractor shall return all the Furnished Property to Northrop Grumman Systems Corporation in as good condition as when received, except for reasonable wear and tear and except to the extent such property has been incorporated in the Work, or reasonably consumed or used in the intended manner in the performance of Work under and in accordance with this Order/Agreement.

47. SALVAGE AND CLEAN UP.

- E. Neither the existence of this Order nor the disclosure hereunder of Proprietary Information or any other information shall be construed as granting expressly by implication, by estoppels or otherwise, a license under any invention or patent now or hereafter owned or controlled by Buyer or Buyer's customer, except as specifically set forth herein.

Seller's obligation shall not apply to Products manufactured by Seller pursuant to detailed designs developed by Buyer and furnished to Seller under an Order which does not require research, development, or design work by Seller. Seller's obligation shall also not apply to any infringement arising from the use or sale of Products in combination with items not delivered by Seller if such infringement would not have occurred from the use or sale of such Products solely for the purpose for which they were designed or sold to Buyer. Seller's obligation shall extend to the U.S. Government only if and to the extent Buyer has agreed to indemnify the U.S. Government.

60. TAXES.

Except as may otherwise be provided, the prices indicated in this Order/Agreement include all applicable Federal, state and local taxes and duties. Contractor shall pay, when and as the same become due and payable, all taxes, assessments and similar charges which at any time prior to final settlement of this Order/Agreement are properly and legally taxed, assessed or imposed upon Contractor, arising out of or in connection with the performance of any Work, furnishing or any materials,

65. TERMINATION FOR CONVENIENCE.

A. The performance of Work under this Order/Agreement may be terminated by Northrop Grumman Systems Corporation in accordance with this clause in whole, or from time to time in part for any reason and whenever Northrop Grumman Systems Corporation so desires. Any such termination shall be effected by delivery to Contractor of a Notice of Termination specifying the extent to which performance of Work under the Order/Agreement is terminated and the date upon which such termination becomes effective.

B. After receipt of a Notice of Termination and except as otherwise directed by Northrop Grumman Systems Corporation, Contractor shall:

- (1) Stop work under the Order/Agreement on the date and to the extent specified in the Notice of Termination;
- (2) Place no further orders or subcontracts for materials services or facilities except as may be necessary for completion of such portion of

the Work under the Order/Agreement as is not terminated;

- (3) Terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination;
 - (4) Assign to Northrop Grumman Systems Corporation in the manner, at the times and to the extent directed by Northrop Grumman Systems Corporation, all of the right, title and interest of Contractor under the orders and subcontracts so terminated, in which case Northrop Grumman Systems Corporation shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts;
 - (5) Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts with the approval or ratification of Northrop Grumman Systems Corporation to the extent it may require, which approval or ratification shall be final for all the purposes of this clause;
 - (6) Transfer title and deliver to Northrop Grumman Systems Corporation, in the manner, at the times and to the extent, if any, directed by Northrop Grumman Systems Corporation, (a) the fabricated or unfabricated parts, work in process, completed work, supplies and other material produced as a part of, or acquired in connection with the performance of, the Work terminated by the Notice of Termination, and (b) the completed or partially completed plans, drawings, information and other property which, if the Order/Agreement had been completed, would have been required to be furnished to Northrop Grumman Systems Corporation;
 - (7) Use Contractor's best efforts to sell, in the manner at the times, to the extent and at the price or prices directed or authorized by Northrop Grumman, any property of the types referred to in (6) above; provided, however, that Contractor (a) shall not be required to extend credit to any purchaser, and (b) may acquire any such property under the conditions prescribed and at a price or prices approved by Northrop Grumman, and provided further that the proceeds of any such transfer or disposition shall be applied in reduction of any payments to be made by Northrop Grumman to Contractor under this Order/Agreement or shall otherwise be credited to the price or cost of the Work covered by this Order/Agreement or paid in such other manner as Northrop Grumman Systems Corporation may direct;
 - (8) Complete performance of such part of the Work as shall not have been terminated by the Notice of Termination, and
 - (9) Take such action as may be necessary, or as Northrop Grumman Systems Corporation may direct, for the protection and preservation of the property related to this Order/Contract which is in the possession of Contractor and in which Northrop Grumman Systems Corporation has or may acquire an interest.
- C. After receipt of a Notice of Termination, Contractor shall submit to Northrop Grumman

Systems Corporation its termination claim, in the form and with the certification prescribed by Northrop Grumman Systems Corporation. Such claim shall be submitted promptly but in no event later than six months after the effective date of termination. If Contractor fails to submit its termination claim within the time allowed, Northrop Grumman Systems Corporation may determine on the basis of information available to it the amount, if any, due Contractor by reason of the termination, and such determination shall be final. After Northrop Grumman Systems Corporation has made a determination under this paragraph, Northrop Grumman Systems Corporation shall pay Contractor the amount so determined, which payment shall be deemed to satisfy all claims of Contractor against Northrop Grumman Systems Corporation by reason of the termination.

- D. Subject to the provisions of 65.C., Contractor and Northrop Grumman Systems Corporation may agree upon the whole or any part of the amount or amounts to be paid to Contractor by reason of the total or partial termination of Work pursuant to this clause, which amount or amounts may include a reasonable allowance for profit on Work done; provided that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total Order/Agreement price as reduced by the amount of payments otherwise made and as further reduced by the Order/Agreement price of Work not terminated. The Order/Agreement shall be amended accordingly, and Contractor shall be paid the agreed amount. Nothing in 65.E., prescribing the amount to be paid to Contractor in the event of failure of Contractor and Northrop Grumman Systems Corporation to agree upon the whole amount to be paid to Contractor by reason of the termination of Work pursuant to this clause, shall be deemed to limit, restrict or otherwise determine or affect the amount or amounts which may be agreed upon to be paid to Contractor pursuant to this paragraph 65.D.
- E. In the event of the failure of Contractor and Northrop Grumman Systems Corporation to agree as provided in 65.D. upon the whole amount to be paid to Contractor by reason of the termination of Work pursuant to this clause, Northrop Grumman Systems Corporation shall pay Contractor the following amounts (but without duplication of any amounts agreed upon in accordance with 65.D.), which payment shall be deemed to satisfy all claims of Contractor against Northrop Grumman Systems Corporation by reason of the termination:
- (1) With respect to all Work performed prior to the effective date of the Notice of Termination, the total (without duplication of any items) of:
 - (a) The cost of such Work;
 - (b) The cost of settling and paying claims arising out of the termination of Work under subcontracts or orders as provided in 65.B.(6), exclusive of the amounts paid or payable on account of supplies or materials delivered or services furnished

by the subcontractor prior to the effective date of the Notice of Termination of Work under this Order/Agreement, which amounts shall be included in the cost on account of which payment is made under (a) above; and

- (c) A sum, as profit on (a) above, to be fair and reasonable, provided, however, that if it appears that Contractor would have sustained a loss on the entire Order/Agreement had it been completed, no profit shall be included or allowed under this subdivision (c) and an appropriate adjustment shall be made reducing the amount of the settlement to reflect the indicated rate of loss; and
- (2) The reasonable cost of the preservation and protection of property incurred pursuant to 65.B.(9), and other reasonable cost incidental to termination of Work under this Order/Agreement, including expense incidental to the determination of the amount due to Contractor as the result of the termination of Work under this Order/Agreement.
- The total sum to be paid to Contractor under (1) above shall not exceed the total Order/Agreement price as reduced by the amount of payments otherwise made and as further reduced by the Order/Agreement price of Work not terminated. Except for the normal spoilage and except to the extent that Northrop Grumman Systems Corporation shall have otherwise expressly assumed the risk of loss, there shall be excluded from the amounts payable to Contractor under (1) above, the fair value of property which is destroyed, lost, stolen or damaged so as to become undeliverable to Northrop Grumman Systems Corporation, or to a buyer pursuant to 65.B. (7).
- F. Contractor and Northrop Grumman Systems Corporation agree that any determination of costs under 65.C. or 65.E. shall be governed by the principles and procedures set forth or referred to in Section XV, Part 4, of the Defense Acquisition Regulation (DAR) as in effect on the date of this Order/Agreement even though this is not a subcontract under a Government contract.
- G. In arriving at the amount due Contractor under this clause there shall be deducted (1) all unliquidated advance or other payments on account theretofore made to Contractor, applicable to the terminated portion of this Order/Agreement, (2) any claim which Northrop Grumman Systems Corporation may have against Contractor in connection with this Order/Agreement, and (3) the agreed price for, or the proceeds of sale of, any materials, supplies or other things kept by Contractor or sold, pursuant to the provisions of this clause, and not otherwise recovered by or credited to Northrop Grumman Systems Corporation.
- H. If the termination hereunder be partial, prior to the settlement of the terminated portion of this Order/Agreement, Contractor may file with Northrop Grumman Systems Corporation request in writing for an equitable adjustment of the price or prices specified in the Order/Agreement relating

to the continued portion of the Order/Agreement (the portion not terminated by the Notice of Termination), and such equitable adjustment as may be agreed upon shall be made in such price or prices.

- I. Northrop Grumman Systems Corporation may from time to time, under such terms and conditions as it may prescribe, make partial payments and payments on account against costs incurred by Contractor in connection with the terminated portion of this Order/Agreement whenever in the opinion of Northrop Grumman Systems Corporation the aggregate of such payments shall be within the amount to which Contractor will be entitled hereunder. If the total of such payments is in excess of the amount finally agreed or determined to be due under this clause, such excess shall be payable by Contractor to Northrop Grumman Systems Corporation upon demand, together with interest computed at the rate of ten (10) percent per annum, for the period from the date such excess payment is received by Contractor to the date on which such excess is repaid to Northrop Grumman Systems Corporation, provided, however, that no interest shall be charged with respect to any such excess payment attributable to a reduction in Contractor's claim by reason of retention or other disposition of termination inventory until ten (10) days after the date of such retention or disposition, or such later date as determined by Northrop Grumman Systems Corporation by reason of the circumstances.
- J. Unless otherwise provided for in this Order/Agreement by applicable statute, Contractor, from the effective date of termination and for a period of three (3) years after final settlement under this Order/Agreement, shall preserve and make available to Northrop Grumman Systems Corporation at all reasonable times at the office of Contractor, and without charge, all Contractor's books, records, documents and other evidence bearing on the costs and expenses of Contractor under this Order/Agreement and relating to the Work terminated hereunder.
- K. Contractor shall include in each of its subcontracts a clause similar to this clause 65.

66. CANCELLATION FOR DEFAULT – DAMAGES FOR DELAY.

- A. If Contractor refuses or fails to prosecute the Work, or any separable part thereof, with such diligence as will ensure its completion within the time specified in this Order/Agreement as the same may be modified in writing from time to time, or fails to complete said Work within such time, Northrop Grumman Systems Corporation may, by written notice to Contractor, cancel Contractor's right to proceed with the Work or such part of the Work as to which there has been delay. In such event Northrop Grumman Systems Corporation may take over the Work and prosecute the same to completion, by contract or otherwise, and may take possession of and utilize in completing the Work such materials, tools and plans as may be on the

site of the Work and necessary. Whether or not Contractor's right to proceed with the Work is terminated, Contractor and its sureties shall be liable for any damage to Northrop Grumman Systems Corporation resulting from Contractor's refusal or failure to complete the work within the specified time.

- B. If liquidated damages are provided for in this Order/Agreement and if Northrop Grumman Systems Corporation so cancels Contractor's right to proceed, the resulting damage shall consist of such liquidated damages until such reasonable time as may be required for final completion of the Work together with any increased costs occasioned by Northrop Grumman Systems Corporation in completing the Work.
- C. If liquidated damages are provided for in this Order/Agreement and if Northrop Grumman Systems Corporation does not so cancel Contractor's right to proceed, the resulting damage shall consist of such liquidated damages until the Work is completed or accepted.
- D. Contractor shall not be liable to Northrop Grumman Systems Corporation for resulting damage if and to the extent: (1) the delay in the completion of the Work arises from unforeseeable causes beyond the control and without the fault or negligence of Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the Government in either its sovereign or contractual capacity, acts of Northrop Grumman Systems Corporation, acts of another contractor in the performance of a contract with Northrop Grumman Systems Corporation, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both Contractor and such subcontractors or suppliers, and (2) Contractor, within ten (10) days after the beginning of any such delay, or within such further period before final payment under this Order/Agreement as Northrop Grumman Systems Corporation may allow in writing, notifies Northrop Grumman Systems Corporation in writing of the cause of the delay.
- E. If, after notice of cancellation issued pursuant to this clause, it is determined for any reason that Contractor was not in default under the provisions of this clause, or that the delay was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the notice of cancellation had been issued pursuant to the Termination for Convenience clause.
- F. The rights and remedies of Northrop Grumman Systems Corporation provided in this clause are in addition to any other rights and remedies provided by law or under this Order/Agreement. The terms subcontractors or suppliers means subcontractors or suppliers at any tier.
- G. By written notice to Contractor, Northrop Grumman Systems Corporation may cancel the

whole or any part of this Order/Agreement in the event of suspension of Contractor's business, insolvency of Contractor, institution of bankruptcy, reorganization, arrangement or liquidation proceedings by or against Contractor, appointment of a trustee or receiver for Contractor's property or business, or any assignment by Contractor for the benefit of creditors. Such cancellation shall be deemed "for default" in accordance with the provisions of this clause and rights and obligations of the parties shall be determined as herein provided.

67. INCONSISTENCY OF PROVISIONS.

In the event of any conflict or inconsistency between the provisions of the Order/Agreement, the provisions of any drawings and specifications, and the provisions of these General Conditions, the provisions of these General Conditions shall control unless specifically amended by a particular provision of the Order/Agreement.

68. NON-WAIVER.

Any failure at any time of Northrop Grumman Systems Corporation to enforce any provision of this Order/Agreement shall not constitute a waiver of such provision or prejudice the right of Northrop Grumman Systems Corporation to enforce such provision at any subsequent time.

69. SAFETY.

- A. At all times Contractor shall use suitable safety precautions including as a minimum those safety precautions specified elsewhere in this Order/Agreement or as may be required by Northrop Grumman's Safety Rules and Standards in order to prevent injury to workmen and all other persons who may be on or about the site. Such safety precautions shall include but not be limited to the use of proper materials, tools, mechanical and automotive equipment and the erection and maintenance of barricades, signs, flags, lights and other safeguards. The barricades used shall be equipped with an electric flasher type light approved by Northrop Grumman.
- B. If, because of the site area, safety permits are required by Northrop Grumman's Safety Rules and Standards, Contractor shall obtain proper permits or clearance in writing from Northrop Grumman's Safety Office and any previous approvals granted under any other contracts with Northrop Grumman shall not be valid for the purpose hereof.
- C. Contractor shall also comply with all applicable rules, regulations and orders of the Occupational Safety and Health Act of 1970 (P.L. 91-596, 29 USC 651-678) as amended and all applicable safety laws, rules, regulations and orders of the United States and the State wherein the Work is being performed. Contractor hereby indemnifies and holds Northrop Grumman Systems Corporation harmless from and against any noncompliance by Contractor with any of the above laws, rules, regulations and orders as may be applicable.

70. SUCCESSORS OR PARTIES.

This Order/ Agreement is binding on the parties and their respective legal representatives, trustees, successors and assigns.

71. OFFSET COMMITMENT.

This clause shall only apply to Orders in excess of \$50,000.00.

- A. Definition: "Offset" means the obligations that Buyer undertakes, in order to market or sell its Products, to assist a customer country in reducing any trade imbalance caused by its purchase of Buyer's Products or to meet other customer country national objectives.
- B. Notwithstanding that this Order is or is not made in direct support of a foreign sale, Seller agrees that it is obligated to support Buyer's Offset commitments as a condition of this Order.
- C. The offset credits arising out of or resulting from, directly or indirectly, this Order are for the exclusive use of Buyer and may be used by Buyer and any of its affiliates and subsidiaries to fulfill all past, present and future Offset obligations. In addition, Seller agrees to identify and retain for Buyer's use any rights to offset credits generated by its suppliers and subcontractors arising out of or resulting from this Order.
- D. Seller shall provide a copy of each Order or Subcontract placed with a foreign source under this Order in support of Buyer's rights to offset credit.
- E. Seller shall execute all necessary documents to evidence Buyer's right to use or assign any offset credits.
- F. Buyer reserves the right to assign offset credits generated through Seller's efforts under this Order to third parties.
- G. Seller shall include the substance of this clause, in favor of Buyer, in its subcontracts issued at all tiers pursuant to this Order.

72. CONTRACT PERFORMANCE.

Contractor shall perform all Work required by and in strict accordance with the drawings, specifications and other provisions and requirements of the Order/Agreement and all within the period of time specified and at the price or prices set forth in the Order/Agreement.

73. SUBSTANTIAL COMPLETION

The date of substantial completion of the Work or a designated portion thereof is the date when (a) construction is sufficiently complete in accordance with the Drawings and Specifications so Northrop Grumman may occupy or utilize the Work or designated portion thereof for the full use and benefit for which it is intended; and (b) Contractor has delivered to Northrop Grumman a Certificate of Beneficial Occupancy (collectively, the "Substantial Completion Date"). Notwithstanding the foregoing, if Contractor is unable to obtain a Certificate of Beneficial Occupancy due to Northrop Grumman's action or failure to act, the Substantial Completion Date shall not be affected thereby. The Substantial Completion Date shall be established by a Certificate of Substantial Completion signed by Northrop Grumman and Contractor which shall state their respective responsibilities for security, maintenance, heat, utilities, damage to the Work, and insurance. This Certificate of Substantial Completion shall also list the items to be completed or corrected and fix the time for their completion or correction (the

“Punch List”). Failure to include an item on the Punch List does not alter or waive the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

74. RECORD RETENTION REQUIREMENTS.

Supplier shall retain all documents, notes, records and all other documentation with regard to the Services, including records of hours worked by each Supplier employee, for a period of four (4) years after completion of such Services provided by Supplier.

75. POSSESSION OR USE PRIOR TO COMPLETION.

Northrop Grumman Systems Corporation may pursuant to a written field order signed by the Northrop Grumman Systems Corporation Representative which expressly refers to this clause, take possession of or use of any completed or partially completed part of the Work at any time prior to final completion. Unless otherwise agreed in writing, such possession or use shall not be deemed an acceptance of any part of the Work nor relieve Contractor of the risk of loss. If such possession or use delays the progress of the Work or causes additional expense to Contractor, an equitable adjustment shall be made in the Order/Agreement price and time for completion and the Order/Agreement shall be modified in writing accordingly; provided, however, if Contractor fails to complete the Work within the time specified in this Order/Agreement, as the same may be modified in writing from time to time, Northrop Grumman Systems Corporation may take possession of or use all or any part of the Work without payment of additional compensation to Contractor or extension of time for completion of such possession or use.

76. INDEMNITY

Contractor shall totally indemnify, defend, protect, and hold harmless Northrop Grumman, and its consultants, and each of its directors, officers, agents, and employees (collectively, the “Indemnified Parties” each, an “Indemnified Party”) from and against all claims, damages, liens, losses, expenses, liabilities, and any other costs, including costs of defense and attorneys’ fees. This covenant shall extend to all liabilities arising out of, or resulting from or in connection with the failure, neglect, or refusal of Contractor to faithfully perform the Work, and all of Contractor’s obligations under the Contract, both on and off the Worksite, to the extent that the liability (1) is attributable to personal injury, bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting there from, and (2) is caused in whole or in part by any act or omission of Contractor or any of its subcontractors, or suppliers, or anyone directly or indirectly employed by any of them or anyone for whose acts or omissions any of them may be liable, regardless of whether or not such claims, damages, losses, expenses, liabilities or costs are caused in part by any act or omission (active, passive, or comparative negligence included), of an Indemnified Party. Owner shall have the right at its own expense to join in the defense of any action in which it is made a defendant.

In any and all claims against the Indemnified Parties by any employee of Contractor, or any of its subcontractors, or suppliers, or anyone directly or indirectly employed by any of them to perform or furnish any of the Work, or anyone for whose acts any of them may be liable, the indemnification obligation

under the first paragraph of this Article 76 shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Contractor, or any subcontractor, or any supplier or other persons under workers’ compensation acts, disability benefit acts or other employee benefit acts.

77. FINAL ACCEPTANCE OF WORK

Unless otherwise provided in the Order/Agreement the Final Acceptance by Northrop Grumman shall be made as promptly as practicable after completion and inspection of all Work performed under this Order/Agreement. The Final Acceptance shall be conclusive except as regards latent defects, fraud or such gross mistakes as may amount to fraud, and except as regards Northrop Grumman’s rights under Article 51 Warranty or under any other warranty or guarantee made or given in connection with this Order/Agreement. Upon Final Acceptance of the Work, Contractor shall deliver to the Construction Representative a notebook containing all warranties and guarantees pertaining to all equipment incorporated into the Work. The warranty period set forth in Article 51, Warranty, shall terminate twelve (12) months after the date of Final Acceptance.

78. SUBCONTRACTING.
