Any of the following shall constitute Seller's unqualified acceptance of this purchase order and these terms and conditions: (a) acknowledgment of this purchase order; (b) furnishing of any part of the supplies/services under this purchase order; (c) acceptance of any payment for the supplies/services or; (d) commencement of performance under this purchase order. Unless otherwise stated in Buyer's specifications, the latest revision of applicable standards, specifications, or similar documents as of the date of this purchase order shall apply. Any additional or different terms proposed by Seller are objected to and rejected unless accepted in writing by Buyer.
- 2. BUYER'S AUTHORIZED PURCHASING REPRESENTATIVE** – (a) Buyer's Authorized Purchasing Representative is the individual authorized by Buyer's cognizant procurement organization to administer and/or execute this purchase order. Buyer's Authorized Purchasing Representative has sole authority to make contractual commitments on behalf of Buyer, to provide contractual direction, and to change contractual requirements as defined in this purchase order.
(b) Buyer's engineering, technical personnel and other representatives may from time to time render assistance or give technical advice or discuss or effect an exchange of information with Seller's personnel concerning the supplies or services being provided under this purchase order. No such action shall be deemed to be a change under the Changes clause of this purchase order and shall not be the basis for an equitable adjustment.
- 3. ASSIGNMENT, SUBCONTRACTING, AND PLACE OF PERFORMANCE** – (a) Neither this purchase order, nor any payments, claims or interest hereunder are assignable or transferable, in whole or in part, without Buyer's written approval, which approval will not be unreasonably withheld. Buyer shall be entitled to the right of set-off against any amounts payable under this purchase order.
(b) Neither the entirety nor any part of this purchase order may be further subcontracted without the prior written consent of Buyer. This provision shall not apply to purchases of standard commercial articles, including electronic components or raw materials including casting, forgings, and rough welded structures on which Seller will perform further work.
(c) Seller further agrees that no subcontract placed under this purchase order shall provide for payment on a cost-plus-a-percentage-of-cost-basis and to select subcontractors (including suppliers) on a competitive basis to the maximum practical extent

consistent with the objectives and requirements of this purchase order.

(d) Seller shall notify Buyer of any change in the place of performance, including but not limited to change in design, manufacturing, assembly, integration, or testing location of components or lower subassemblies, with regard to the requirements of this purchase order. Such notification shall be made to the Buyer's Authorized Purchasing Representative not less than thirty (30) days prior to the change to the place of performance.

Buyer may charge to Seller any additional cost of inspection or requalification in connection with any change in the place of performance of this purchase order.

- 4. CHANGES** – (a) Buyer's Authorized Purchasing Representative may at any time, by written order, without notice to any surety, make changes or additions within the general scope of this purchase order in any one or more of the following: (1) drawings, designs, statement of work or specifications, or other technical documents; (2) method of shipment or packing; (3) time and place of inspection, delivery or acceptance; (4) quantities, where reasonable; (5) delivery schedules, where reasonable; and (6) the amount of Buyer/Government-furnished property. Seller acknowledges any such direction provided by anyone other than Buyer's Authorized Purchasing Representative is of no force and effect and Seller accepts all risks of accepting and/or otherwise proceeding with such unauthorized direction.
(b) If any authorized change causes an increase or decrease in the cost of, or the time required for, performance of any work under this purchase order, whether changed or not changed by any such written order, Seller shall notify Buyer in writing immediately and an appropriate equitable adjustment will be made in the price or time of performance, or both, by written modification of this purchase order. Any claim by Seller for such adjustment must be asserted within fifteen (15) days, or such other period as may be agreed on in writing by the parties, after Seller's receipt of the notice of the change. Seller will make available its books and records for Buyer's examination to allow Buyer, its authorized representatives, and its customer, including the U.S. Government, to verify any claim for adjustment by Seller. If Buyer and Seller are unable to agree upon an equitable adjustment in the event of any change directed by Buyer, the matter will be resolved in accordance with the Disputes clause of these terms. Pending resolution of any such adjustment, Seller will diligently pursue the performance of the order as changed.

- (b) The inspection, review or approval by Buyer of any work, or of any drawing, design, or other document, will not be deemed to relieve Seller of any of its obligations under any purchase order, or to constitute a waiver of any defects or nonconformities. The acceptance by Buyer of any supplies or services under any purchase order will not be deemed to limit or affect any warranty or right of indemnity granted by Seller under such purchase order, these terms and conditions or otherwise.
- (c) Except as otherwise agreed in writing, all shipments and supplies furnished under this purchase order shall be subject to final inspection and acceptance by Buyer after receipt by Buyer at Buyer's facility or other destination as identified in this purchase order notwithstanding any previous source inspection or acceptance, the earlier passing of title to Buyer, or any prior payment by Buyer, or any prior inspection of any type. - 12. DEFECTIVE WORK** – (a) Notwithstanding any prior acceptance, Buyer, at its option, may reject or require prompt correction (in place or elsewhere), of any supplies which are, in Buyer's judgment, defective in material or workmanship or otherwise fail to meet the drawings, designs, statement of work, specifications or other technical documents, or other requirements of this purchase order.
