1. **GENERAL/ACCEPTANCE** - This purchase order (which term shall be deemed to include requirements, specifications, regulations and other documents to the extent that any of the same are incorporated by reference) becomes the exclusive agreement between the parties for the services subject to these terms and conditions. Any of the following shall constitute Contractor's unqualified acceptance of this purchase order and these terms and conditions: (a) acknowledgment of this purchase order; (b) furnishing of any part of the services under this purchase order; (c) acceptance of any payment for services; or (d) commencement of performance under this purchase order. Buyer expressly objects to any different or additional terms or conditions which may be included in Contractor's acceptance of this purchase order, which additional or different terms and conditions, if any, shall be construed as proposals for additions to or modifications of this purchase order and are hereby rejected, unless independently and expressly approved by Buyer in writing.
2. **BUYER'S AUTHORIZED PURCHASING REPRESENTATIVE AND NOTICE** – (a) The Buyer's Authorized Purchasing Representative for the purposes of this purchase order is the individual authorized by Buyer's cognizant procurement organization to administer and/or execute the purchase order and is designated on the face of this purchase order. Contractor shall accept direction regarding this purchase order from no other individual.  
(b) Buyer's engineering, technical personnel and other representatives may from time to time render assistance or give technical advice or discuss or effect an exchange of information with Seller's personnel concerning the supplies or services being provided under this purchase order. No such action shall be deemed to be a change under the Changes clause of this purchase order and shall not be the basis for an equitable adjustment.  
(c) Contractor shall submit in writing all required notices and certifications by registered mail to Buyer's Authorized Purchasing Representative at the address as identified by this purchase order. Facsimile messages will be deemed effective notice if confirmation of receipt by Buyer's Authorized Representative and a confirming letter is sent to the address as identified by this purchase order within five (5) working days after the facsimile is sent.
3. **ASSIGNMENT** - Neither this purchase order, nor any payments, claim or interest hereunder are assignable or transferable, in whole or in part, by the Contractor to any party or parties without the prior written approval of Buyer. However, Buyer reserves the right to assign its rights and/or obligations under this purchase order to any of its wholly-owned subsidiaries or affiliates.
4. **CHANGES** - (a) Buyer's Authorized Purchasing Representative may at any time, by written order, without notice to any surety, make changes or additions within the general scope of this purchase order. Contractor acknowledges any such direction provided by anyone other than Buyer's Authorized Purchasing Representative is of no force and effect and Contractor accepts all risks of accepting and/or otherwise proceeding with such unauthorized direction.  
(b) If any authorized change causes an increase or decrease in the cost, or the time required for performance of this purchase order, whether changed or not changed by any such written order, Contractor shall notify Buyer in writing immediately and an appropriate equitable adjustment will be made, in the price or time of performance, or both, by written modification of this purchase order. After Contractor's receipt of notice of the change, any claim by Contractor for such adjustment must be asserted within fifteen (15) days, or such other period as may be agreed upon in writing by the parties. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the Disputes clause of this purchase order. Nothing contained in this clause shall excuse Contractor from proceeding with this purchase order as changed.
5. **INDEPENDENT CONTRACTOR** - In the performance of the work and services hereunder, the Contractor shall act solely as an independent contractor, and nothing herein contained or implied shall at any time be so construed as to create the relationship of employer and employee, partnership, principal and agent, or joint-venture as between Buyer and Contractor.
6. **SCOPE AND PERIOD OF PERFORMANCE** - The Contractor agrees to promptly provide the services of qualified personnel to the Buyer as specified in such detailed requests for applicant resumes as may be issued from time to time by the Buyer's Authorized Purchasing Representative. Services shall be provided by the Contractor on the need dates specified in the Buyer's written request. The types or classes of contract labor to be provided under this purchase order are as set forth in the face sheet hereof. Other types of services may be added to this purchase order by mutual agreement of the parties, as reflected in a written, bilateral amendment thereto. Nothing in this purchase order shall be construed as requiring the Buyer to obtain services solely from this Contractor; Buyer may also obtain services from other contractors. Services may be ordered by the Buyer under this purchase order during the period of performance indicated on the face sheet hereof.
7. **QUALIFICATIONS** – (a) Contractor shall ensure that all services performed under this purchase order meet the performance criteria of the assigned tasks. If any service supplied by an employee of Contractor fails to meet the performance criteria of the assigned

**TERMS AND CONDITIONS – Contract Labor**

task, or if the individual Contractor employee is determined to be unqualified to perform the task in any way, as evidenced by good and sufficient reasons on the part of the Buyer, the Buyer may, at its option and discretion, require the Contractor to have such services re-performed or corrected, or may adjust any invoices received from Contractor to reflect a proportionate reduction in the value of the services actually received. Furthermore, Buyer requires that the Contractor maintain valid, accurate and updated resumes of all contract labor personnel, showing all relevant work experiences up to and including current Buyer assignments, continuing education and other training and certifications. Resumes must be provided at the request of Buyer.

(b) Contractor warrants that all contract labor personnel supplied under this purchase order shall be highly qualified and have the experience necessary to perform the tasks to which they are assigned, and that the Contractor has verified that their educational and experience qualifications, and background are as represented in their resumes. The Contractor shall indemnify and hold the Buyer harmless against any claims, losses, liabilities or damages of any kind whatsoever sustained by the Buyer as a result of Contractor's breach of the foregoing warranty.

- 8. COMPLIANCE WITH LAWS AND REGULATIONS** – (a) In the performance of this purchase order, the Contractor shall comply, and shall be responsible for ensuring that its employees comply, with all applicable laws, Executive Orders, regulations, rules, etc., of the United States, (including but not limited to, the FAIR LABOR STANDARDS ACT, OCCUPATIONAL SAFETY AND HEALTH ACT of 1970, TITLE VII of the CIVIL RIGHTS ACT, the IMMIGRATION REFORM AND CONTROL ACT of 1986 (IRCA), the FOREIGN CORRUPT PRACTICES ACT, the International Traffic in Arms Regulations (ITAR), the Federal Acquisition Regulations (FAR), and Environmental, Health, Safety, and Fire Protection regulations), and of any affected foreign government and all political subdivisions.

(b) Contractor agrees to indemnify Buyer against any loss, cost, liability or damage by reason of Contractor's or Contractor's employee's violation of any applicable law, executive order or regulation.

(c) Any illegal or prohibited activity on the part of Contractor or its employees in conflict with this article may, subject to the discretion of Buyer, result in termination of this Purchase Order for default in accordance with Clause 9 Termination for Default. Such termination shall be in addition to any and all other remedies available to the Buyer under the terms of this purchase order, at law or in equity.

- 9. TERMINATION FOR DEFAULT** – (a) Buyer may, by written notice to Contractor, terminate this purchase order and any resulting purchase order if Contractor commits any material breach of this purchase order.

(b) In the event Buyer terminates this purchase order and any resulting purchase order as provided in subparagraph (a) of this clause, Buyer may procure, in a commercially reasonable manner, services or supplies so terminated, and Contractor shall be liable to Buyer for any excess costs for such services or supplies.

(c) If Contractor is delayed in his performance, for any reason whatsoever, Contractor shall promptly notify Buyer of the anticipated duration and causes of the delay. Such notification shall not relieve the Contractor of his obligations hereunder unless specific relief is granted in writing by the Buyer.

(d) In the event this purchase order is terminated by Buyer under the Compliance with Laws and Regulations and Ethics clauses of this purchase order, such termination shall be considered a default of this purchase order by the Contractor and all payments to the Contractor in accordance herewith shall be refunded to Buyer by the Contractor. The refund of all payments to Buyer by the Contractor as set forth above shall not limit Buyer's right to obtain any other relief or remedy which may otherwise be available in the event of such termination.

- 10. COMPENSATION** - The Contractor shall receive the following as full compensation for all services, including necessary travel time where travel has been authorized by Buyer, performed hereunder and as full reimbursement for travel connected with the performance of such services:

A. The compensation rates are set forth in this purchase order (hourly, daily, weekly, etc.). For purposes of computation of compensation based on a **daily** rate, a day shall be considered as eight (8) hours or as otherwise agreed to by the parties for an alternate work schedule as provided in this purchase order; for fractions of days worked or spent in necessary travel, said rate will be prorated on an hourly basis with fractional parts of any hour to be considered as a full hour. For time spent in necessary travel hereunder away from the Contractor's premises said rate will be paid only for such time as would normally be spent in the Contractor's regular occupation. In no event shall normal hours of rest be considered as time spent in travel and in no case shall more than one day's rate be paid for any one calendar day except said rate for hours applied in excess of the normal work day at the request of Buyer.

B. Cost of airline, rail fare, or rental car shall be at the lowest available rate, and reimbursement for the use of Contractor's privately owned vehicle, when authorized, is reimbursed at the rate in effect at the time of Contractor's travel. The applicable mileage rate can be found at [www.usa.gov](http://www.usa.gov) on the General Services Administration's web page under Privately Owned Vehicle (POV) Reimbursement Rates.

C. Subject to the Payments clause of this purchase order, cost of reasonable hotel accommodations and subsistence while in travel status, which travel shall have been previously authorized by Buyer, shall not exceed the latest published U.S. Government per diem rates at the time travel.

D. Reimbursement of any local travel must be pre-approved by the Buyer in accordance with Buyer expense Procedures.

E. The overtime rates set forth in the purchase order shall apply only if overtime is approved in advance and in writing by Buyer's Authorized Purchasing Representative. The overtime rates will apply for approved hours worked in excess of eight (8) hours per day or forty (40) hours per work week or other such hours as otherwise agreed to by the parties for an alternate work schedule as provided in this purchase order. The work week is defined as Monday through Sunday.

F. Contract labor personnel shall work any of three (3) shifts, in accordance with Buyer's request, with no change in rate.

G. No payment shall be made by the Buyer when the contract labor personnel are absent due to sickness or vacations, or for holidays, shutdowns due to strikes, or any plant closings necessitated by a catastrophe, unless work during these periods is authorized in advance by Buyer. If work is authorized during the above period, then payment will be made on the basis of standard rates as agreed upon by Buyer and Contractor. Compensation for any holiday, vacations, sick days or absences of contract labor personnel for any cause whatsoever shall be the sole responsibility of Contractor and shall be made in accordance with Contractor's then-applicable policies in regard thereto.

- 11. INVOICING AND PAYMENT** - (a) Amounts due to the Contractor hereunder will be paid upon the submission to the Northrop Grumman Accounts Payable Department of invoices listing the number of hours, days and/or fractions thereof during which work and services have been performed for Buyer. Invoices shall also contain the following information and certification:

1. Place at which work and services were performed;
2. Purchase order number authorizing such work and services; and
3. The following signed Certification:  
 "On behalf of [Name of Contractor], and as a duly authorized representative thereof, I do hereby certify the foregoing to be a true and accurate statement of amounts due or time spent by the employees of said company in performance of the purchase order indicated. [Name of Contractor] recognizes this invoice may form the basis for a claim for payment against the Government by Northrop Grumman."

(b) Contractor's employees shall record the hours worked supporting the contracted effort in the Buyer Enterprise Resource Planning

**TERMS AND CONDITIONS – Contract Labor**

(ERP) System. It is each Contractor's employee responsibility to ensure that his/her labor is recorded accurately and timely. Failure of the Contractor's employee to enter and save hours worked may delay payment to the Contractor. Buyer must approve the time recorded and saved by the Contractor's employee. The Contractor will be paid based on the hourly labor rates as stated in the purchase order. Therefore, invoices are not required from the Contractor in order to effect payment for labor hours worked when hours are recorded in Buyer's ERP System.

(c) Once each month Buyer will make payments of amounts due to Contractor that are not already paid. If requested Contractor's employee may provide a copy of the Contractor's employee's ERP record. Buyer may audit Contractor's employees hours recorded in the ERP System periodically and any discrepancies will be reported to Contractor. Contractor shall, within seven (7) working days of receipt of audit material, report any discrepancies to Buyer's representative and negotiate in good faith to resolve such discrepancies.

(d) Travel expenses, if authorized by Buyer, must be submitted by invoice. Detailed listing of expenses, supported by original receipts when appropriate shall be submitted. All costs included in the invoice must be computed in accordance with the latest revision of Section 31 of the Federal Acquisition Regulation (FAR) and allowable in accordance with the principles therein. No payment shall be made for costs included in the invoice that are unallowable by Part 31 of FAR.

(e) Buyer may withhold final payment hereunder until the requirements of the Intellectual Property Rights and Termination for Convenience clauses of this purchase order have been fulfilled and until patent clearance covering the Contractor under this Agreement has been granted.

(f) The Contractor is responsible for notifying Buyer in writing when the dollar value of the services provided is equal to 80% of the maximum value of this purchase order as indicated on the face sheet hereof. The Buyer shall not be liable for any services provided, where the compensation for such services would exceed the maximum value of this purchase order, and Contractor is not obligated to provide such services, unless this purchase order has first been amended to increase its value.

12. **TAXES** - All taxes, including but not limited to , sales, use, value added tax applicable to the proceeds received by the Contractor hereunder as well as any requirements to pay unemployment compensation, worker's compensation, disability and other legally mandated payments arising from the supply of services by Contractor to Buyer shall be the liability of Contractor, and Buyer shall not withhold nor pay any amounts for federal, state or municipal income tax, social security, unemployment, disability payment or workman's compensation. Contractor warrants it will pay, where applicable, all required income and social security tax withholding related to or arising in connection with services provided to the Buyer, and shall indemnify and hold Buyer harmless from any claim or cause of action and all costs relating thereto (including reasonable attorney's fees and costs) arising from Contractor's actual or alleged failure to pay all or part of such taxes, or to make such withholdings, as the case may be.
13. **REPORTS** - As a part of the work and services to be performed, the Contractor may be required to furnish (quarterly/monthly) reports to Buyer's Authorized Purchasing Representative in such format and number as may be required by Buyer, and may be required to make a final report or furnish information as may be requested by the Buyer's Authorized Purchasing Representative concerning the work and services performed under this purchase order. Compensation for such reports is deemed to be included in Contractor's rates as an indirect cost, and the Contractor shall not be entitled to any additional compensation for compliance with this requirement.
14. **QUANTITY/REQUIREMENTS** - Unless otherwise specified on the face sheet of this purchase order, the parties agree that the Contractor has received no guarantee, whether express or implied, that any particular amount of services will be purchased under this purchase order. Contractor, however, shall furnish all required services at the agreed upon rates at time of order placement. In no

event will Contractor or Contractor's personnel furnish any services in excess of the maximum number of hours specified on the face sheet, unless this purchase order has first been amended in writing by the Buyer's Authorized Purchasing Representative.

15. **GOVERNMENT CONTRACTS** - In the event that services to be performed by the Contractor involve contracts in which Buyer is a Government prime contractor or subcontractor, any obligations placed on Buyer to satisfy any law, rule, regulation or requirement of the Government by reason thereof shall, insofar as the Contractor's services may be involved, shall be binding upon the Contractor.
16. **TERMINATION FOR CONVENIENCE** - Buyer shall have the right to terminate this purchase order at any time by a written notice to the Contractor, whenever such termination is determined to be in the best interests of Buyer. In the event Buyer terminates this purchase order for reasons other than default by the Contractor, the total liability of Buyer to the Contractor shall not exceed the amount of payments then due to the Contractor for services already performed hereunder. In no event will cancellation charges be invoiced by the Contractor or paid by the Buyer as a result of such termination pursuant to this clause.
17. **CLASSIFIED MATERIAL** - It is understood that disclosure of classified information relating to the work and services contracted for hereunder to any person not entitled to receive it, or failure to safeguard all classified matter that may come to the Contractor or any person under his control in connection with the work under this purchase order, may subject the Contractor, his agents and employees to criminal liability under the laws of the United States.  
The Contractor agrees to comply with all applicable Federal Laws, Executive Orders and requirements, including the National Industrial Security Program Operating Manual (NISPOM), their supplements, and other applicable U.S. Government security regulations. Except as authorized, the Contractor agrees not to permit any individual to have access to classified data until the proper Government agency shall have made an investigation and favorable report on the character, associations, and loyalty of such individual and shall have determined that permitting such person to have access to classified data will not endanger the common defense or security. Buyer's security requirements stipulate that contract labor personnel wear an appropriate badge, as determined by the Buyer's Security Department. Contract labor personnel have the responsibility to familiarize themselves with security policies applicable to their badge type and to comply with the requirements of Buyer's Security Department at all times.
18. **ETHICS** - Contractor agrees and warrants to Buyer that Contractor will conduct itself in keeping with the highest moral and ethical standards and will carry out the terms and spirit of this purchase order in the utmost good faith. The Contractor further agrees that in its activities it will comply with the standards contained in the Buyer Standards of Business Conduct, a copy of which has been provided. By accepting this purchase order, the Contractor stipulates that all secretarial, clerical and administrative employees of Contractor and all contract labor personnel who will perform services hereunder have received, read, understand and will comply with the contents thereof. Failure by Contractor or any of Contractor's employees to comply with the above mentioned code shall, at the Buyer's discretion, be grounds for immediate termination for default in accordance with Clause 9.

All patents, copyright, trade secrets, trademarks, maskwork or other intellectual property resulting from work under this purchase order shall be the sole property of the Buyer. Buyer shall have the full right to use such property in any manner without any claim on the part of the Contractor and without any duty to account to the Contractor for such use. Contractor agrees to assign to Buyer any patent or patent application resulting from work performed under this Purchase Order, and to provide reasonable support for the Buyer's prosecution of such patent application. The parties agree that any original work of authorship created under this purchase order is a work made for hire for purposes of copyright ownership. To whatever extent the Contractor has any interest in any original work of authorship created under this purchase order, Contractor agrees to assign and hereby assigns its entire interest in such work to Buyer, including all rights to derivative works.

(c) This purchase order does not confer or grant, in any manner whatsoever, any license or right under any patent, trademark, trade secret, maskwork, copyright or other intellectual property right held by Buyer, unless specifically set forth in the body of the purchase order.

(d) Notwithstanding anything contained herein to the contrary, if the services to be performed by Contractor's employees under this purchase order are being performed pursuant to a U.S. Government prime contract, the applicable FAR and DFARS clauses dealing with ownership of, and rights in technical data referenced herein shall take precedence over any inconsistent provision of this clause and are incorporated herein by reference. Buyer shall have the right to utilize the services in performance of Buyer's contractual obligations to its customer, including the right to copy and modify any technical data and computer software delivered under this purchase order and the right to deliver such technical data and computer software to Buyer's customer if it is required as a deliverable under Buyer's contract with its customer.

(e) Contractor shall require each of its personnel who will perform work pursuant to this purchase order to execute Buyer's form number C-100C, entitled "Contractor Intellectual Property Agreement" and provide to the Buyer. The signed "Contractor Intellectual Property Agreement" must be provided to Buyer for each of Contractor's personnel prior to their beginning Work. Contractor shall have no right to use any of the tangible information or software, and the intangible intellectual property rights therefore generated under this purchase order for any purpose except as may be necessary to fulfill the requirements of this purchase order.

**21. PROTECTION OF PROPRIETARY INFORMATION –** (a) Trade secrets and proprietary information of Buyer (hereinafter collectively referred to as "Information") shall mean information disclosed to Contractor by Buyer in connection with this purchase order which is either identified to Contractor as being proprietary to Buyer or which is information that a reasonable person would understand to be such Information. Examples of Information include, but are not limited to, customer or supplier lists, pricing policies, market analyses, business plans or programs, software, specifications, manuals, print-outs, notes and annotations, performance data, drawings, photographs, and engineering, manufacturing or technical information related to Buyer's products and services, as well as duplicates or copies thereof. Information shall not mean any information previously known to Contractor without obligation of confidence, or which becomes publicly disclosed, or which is rightfully received by Contractor from a third party without obligation of confidence.

(b) Information furnished to Contractor shall remain Buyer's proprietary property, shall be duplicated only as authorized in writing by Buyer, and shall be returned to Buyer upon request or when no longer required for the performance of this purchase order.

Contractor shall not disclose Information to any third party, and shall take all reasonable precautions to prevent the disclosure of Information to third parties, including any foreign national, firm, or country, and foreign nationals employed by or associated with Contractor's company except as specifically authorized by the Buyer. Contractor shall indemnify and hold the Buyer harmless from any loss (including loss of profits, loss of market share, and attorneys' fees and costs), liability and expense sustained by the Buyer as a result of any unauthorized disclosure, communication or use of such information by Contractor, its officers, directors, employees, former employees, or agents.

(c) Data and information provided by Contractor shall be considered proprietary only when marked as proprietary. Contractor's proprietary data and information will be used by Buyer only upon approval of Contractor. Buyer may use unmarked Contractor's data and information for any purpose.

(d) Contractor agrees not to use Information to develop any product, service or system, or to support any third party in the development of any product, service or system. In recognition of the inherent difficulty of differentiating the use of trade secret information from the independent development of similar information by one who has access to the trade secret information, and for the convenience of both parties in avoiding disputes, Contractor further agrees, for a period of three years from the completion or termination of this purchase order, to refrain from providing any product, service or system of the same nature as that contemplated under this purchase order to any competitor of Buyer.

(e) This clause is not intended to conflict with Federal Acquisition Regulation 52.203-6 entitled "Restriction on Subcontractor Sales to the Government." The prohibitions in this clause are meant to co-exist with DFARS 252.204-7000, incorporated by reference herein. To the extent there is any conflict with this clause and DFARS 252.204-7000, or other applicable U.S. Government Procurement Regulations incorporated into this purchase order, the latter shall, when applicable, take precedence over any conflicting provision to the extent that such regulations so require.

**22. INTELLECTUAL PROPERTY INDEMNITY –** (a) Contractor shall indemnify Buyer, Buyer's customer and/or the Government and their respective officers, agents and employees against liability, including costs, for infringement of any patent, copyright, trademark, or other intellectual property arising out of the performance of services under this purchase order or out of the use or disposal by, or for the account of, Buyer, Buyer's customer and/or the Government of such services. The foregoing indemnity shall not apply unless Contractor shall have been informed as soon as practicable by Buyer, Buyer's customer and/or the Government of the suit or action alleging such infringement and shall have been given such opportunity as is afforded by applicable laws, rules or regulations to participate in the defense thereof. Such indemnity shall not apply if: (1) the infringement results from compliance with specific written instructions of Buyer directing a change in the services to be delivered, or directing a manner of performance of this purchase order not normally used by Contractor, or (2) the infringement results from an addition to, or change in, the services furnished made subsequent to delivery or performance by Contractor, or (3) the claimed infringement is settled without the consent of Contractor, unless required by final decree of a court of competent jurisdiction.

(b) Notwithstanding the above, when this purchase order is performed under the authorization and consent of the Government to infringe United States patents, Seller's liability for Seller's patent infringement under this purchase order shall be coextensive with Buyer's liability.

**23. RESERVED**

**24. INDEMNITY AND INSURANCE –** (a) Contractor will defend, indemnify, and hold harmless Buyer and its directors, officers, agents, employees, affiliates, subsidiaries, and successors in interest, from and against any and all damages, liabilities, costs and expenses (including all attorney's fees) incurred by Buyer as a result of any claim, judgment or proceeding against Buyer: (i) arising out of or connected in any manner with the performance of the services by

Buyer will promptly notify Contractor in writing of any such claim, judgment or proceeding and tender to Contractor the opportunity to settle such claim, judgment or proceeding at Contractor's expense, and cooperate in all reasonable respects with Contractor in settling such claim, judgment or proceeding. Notwithstanding anything to the contrary contained in this Agreement, Contractor will have no obligation to defend, indemnify or hold harmless Buyer and its directors, officers, agents, employees, affiliates, subsidiaries, and successors in interest from and against any and all damages, liabilities, cost and expenses (including all attorneys' fees) arising solely from an act or omission of Buyer and its directors, officers, agents, employees, affiliates, subsidiaries, and successors in interest.

(b) Buyer, at its option, may require Contractor to furnish evidence of insurance reasonably satisfactory to Buyer covering the liabilities and indemnification provided above but no acceptance of such evidence by Buyer shall be deemed a waiver or release of such liabilities or duty to indemnify. Contractor and its subcontractors, at their sole cost and expense, will at all times, prior to commencement and throughout the period of performance of this purchase order, maintain with reputable insurance companies that are authorized to do business under the laws of the state or states in which the work is being performed, insurance coverage in at least the minimum amounts as follows:

- (1) Worker's Compensation insurance coverage as required by the laws of the state in which the work is performed sufficient to cover all of its general and special employees and such insurance shall provide waiver of subrogation against Buyer.
- (2) Employer Liability insurance in the amount of \$1,000,000.
- (3) Commercial General Liability (CGL) – Combined Single Limit (CSL) \$2,000,000 bodily injury and/or property damage. Coverage shall include premises and operations, products and completed operations and contracts.
- (4) Commercial Automobile Liability (AL) – Combined Single Limit (CSL) \$2,000,000 bodily injury and/or property damage covering all owned, hired and non-owned vehicles.

Renewal insurance certificates, if applicable, shall be provided to Buyer at least fifteen (15) days prior to the expiration date of the insurance policies.

Additional insurance types and/or limits will be necessary if the work involves extra hazardous operations. The extra hazardous operations include but are not limited to aviation operations or products, nuclear hazard operations, professional engineering advice, large construction projects, hazardous waste, medical care, food service, crane operation, work above ground, work below ground, and demolition or explosives operations.

At Buyer's request, Contractor will name Buyer as an additional insured under required liability policies, will provide Buyer a certificate(s) of insurance and provide Buyer ten (10) days' prior written notice of cancellation or material change of any such coverage.

(c) Contractor shall comply with the provisions of FAR 52.215-10, 52.215-11, 52.215-12, and 52.215-13 which are incorporated herein by reference to the extent that such clauses are or become applicable to this purchase order. Contractor shall indemnify and hold harmless Buyer from any amount, loss and expense, including interest assessed by the Government under 10 U.S.C. § 2306a, by which this purchase order is determined by the Government to have

been defectively priced because of Contractor's or Contractor's subcontractor's failure to comply with such provisions. The rights of the parties under this clause shall survive completion or termination of this purchase order.

25. **CHOICE OF LAW** - Irrespective of the place of performance, this purchase order shall be governed and construed and all disputes arising under or related to this purchase order shall be resolved according to the law of the state from which this purchase order is issued, without regard to its conflict of laws principles.
26. **DRUG FREE WORK FORCE POLICY** - (a) Contractor personnel who are to perform professional or clerical services primarily on Buyer premises shall have a urine test conducted by a certified laboratory of Contractor's choice to determine the presence or absence of illegal drugs or abuse of other controlled substances. Such testing, along with a negative test result, are preconditions of the performance of services for Buyer hereunder. If requested by Buyer, Contractor shall furnish evidence of compliance with this provision.  
(b) Further, by acceptance of this purchase order and resulting purchase order, Contractor agrees to adhere to the Buyer Drug-Free Work Force Policy for Suppliers (P486-13), attached hereto and made a part hereof.
27. **DISPUTES** - Any dispute arising under this purchase order which is not settled by agreement of the parties may be litigated in the state or federal courts of the state from which Buyer's purchase order is issued. Pending any decision, appeal or judgment in such proceedings, or the settlement of any dispute arising under this purchase order, Contractor shall proceed diligently with the performance of this purchase order unless otherwise directed by Buyer.
28. **SEVERABILITY** - If any term or provision of these terms and conditions should be declared invalid or unenforceable by a court of competent jurisdiction or by operation of law, the remaining terms and conditions shall remain in force, unless the invalid term or provision is fundamental and material to which enforceability of this purchase order would be unreasonable.
29. **ORDER OF PRECEDENCE** - The various documents constituting this purchase order shall, insofar as is possible, be interpreted so as to be consistent with one another. In the event that a conflict or ambiguity arises in the interpretation of this purchase order, said conflict or ambiguity shall be resolved in accordance with the following order of precedence, with the first listed item having a higher precedence than later listed items: (a) provisions required by statute, regulation or Government contract; (b) typed purchase order form; (c) this terms and conditions document; (d) statement of work; (e) specifications; and (f) drawing(s).
