This Order is accepted as written by executing the Acknowledgement or Acceptance copy of the Order, or by beginning performance.
- C. No modification of this Order (including any additional terms or different terms contained in the acceptance) shall be binding on Customer unless agreed to in writing and signed by Customer's duly authorized Purchase Representative.

The Software licensed shall include in its meaning, in addition to the description contained in the Purchase Order, any improvements, additions, or modifications of the version or versions of the Software which Licensor has licensed Customer to use and materials related thereto and all materials, documentation, and technical information provided to Customer in written form and identified in the Purchase Order for use in connection with the Software. Licensor further agrees to perform certain services relating to the Software as set forth herein or in the Purchase Order.

4. CONFIDENTIALITY OF LICENSOR'S INFORMATION.

Further, Licensor agrees that all such proprietary/confidential information shall be marked with a stamp or legend indicating its confidential/proprietary nature. For the purposes of the Agreement, the term "reasonable efforts" shall mean that the Customer shall treat such proprietary/confidential information in accordance

with Customer's procedures regarding vendor/customer proprietary information. Further, Customer shall have the right to copy the Software for backup and archival purposes. Customer shall not be liable for use or disclosure of any such proprietary information if the same is:

6. ESCROW AND MODIFICATION OF SOURCE CODE.

If requested by Customer, Licensor shall make every effort to avoid or minimize the delay to the maximum extent possible including the expenditure of premium time. Any additional cost caused by these requirements of Customer shall be borne by Licensor, unless the delay in performance arises out of causes beyond the control and without the fault or negligence of Licensor or its subcontractors within the meaning of the Cancellation-Default clause herein. Such acceptance tests shall be conducted on Customer's site and equipment in order to determine whether the Software can be effectively utilized in Customer's operating Software to be ready for retesting no later than ten (10) business days from the date of receipt of Customer's first notice of failure. Licensor shall notify Customer when such corrections and modifications have been made, and Customer shall commence retesting the Software and complete such retesting as quickly as possible. - D. Customer's Rights Upon Termination After Failure of First or Second Acceptance Tests. Upon Customer's termination of this Agreement after failure of the acceptance tests, Customer shall promptly return the Software and associated documentation and materials to Licensor at Licensor's expense and shall have the right, for failure of the Software to pass the acceptance tests, to receive prompt reimbursement of all payments made to Licensor under this Agreement.
