

## Memo

To: Bethpage Residents  
From: Edward Hannon, Project Director  
Date: Wednesday, July 27, 2022 at 5:15 p.m.  
Subject: Repair work to begin 7 a.m. tomorrow on Central Avenue (just east of Hickey Blvd)

---

Northrop Grumman is providing this progress report to you on our activities in support of the RW-21 groundwater treatment system project and other associated environmental activities.

### **Asphalt settling repair work to begin on Central Avenue in the morning; Expanded traffic safety signage to support work zone**

As I mentioned in my progress report for July 12, 2022, we observed the settling of pavement on Central Avenue (north side of the lane and just east of Hickey Blvd).

Tomorrow morning, July 28, starting at 7 a.m., our contractors will arrive at that location to expand the traffic safety controls and begin repair work on the asphalt at that location.

We anticipate the work taking two days. We will keep you posted on our progress.

We ask all drivers to exercise caution through this area.

If you have any questions, please contact Dianne Baumert-Moyik at (516) 754-2645 or [Dianne.baumert-moyik@ngc.com](mailto:Dianne.baumert-moyik@ngc.com).

Our project information can be found by visiting [www.northropgrumman.com/bethpage](http://www.northropgrumman.com/bethpage). Thank you.
