Visitor Information

We hope that your visit with us will be productive, safe and secure. If during your visit, an emergency occurs, you are requested to follow the instructions below.

Safety Precautions

- Your personal safety is of primary importance. Please take a few moments as you enter the facility to become aware of your surroundings and the route you are following. Look around the area you will be visiting for identified building emergency exits. Emergency exits are located around the perimeters of each building. Evacuation maps are also posted throughout the facility.
- In the event you hear a public address, fire alarm, gas alarm or bullhorn annunciation directing you to evacuate the building, calmly, but immediately, proceed to the nearest exit. If you are unaware of the closest exit, please follow the employees who are also exiting. Please remain on site until we complete our accountability procedure. Please identify yourself as a visitor during this important process.
- If during your visit you see an unsafe condition or require emergency assistance, pick up a phone and dial the emergency number located on the phone.

Security Rules

- **Prohibited Items:** Weapons, alcohol, illegal drugs, and explosives of any sort are prohibited. Cameras and tape recorders are also banned from the facility unless advance coordination was made with the security office.
- **Escort Requirement:** If you are provided an ESCORT REQUIRED visitor badge, please assist us by always staying with your host.
- **Package Inspection:** Be aware that perimeter security may require package checks. Please cooperate with the security officer or receptionist as they perform their duties.

Please display your badge at all times on site
and return it upon completion of your visit

Customers, Suppliers and Guests

Northrop Grumman Corporate Procedure prohibits connecting non-Northrop Grumman equipment such as, but not limited to, laptops, PDAs, removable drives, thumb drives, and MP3/iPod players to company computers and networks.

Company-Owned (and Marked) Devices

Choices for presenting non-NGC material are either email the file(s) to your host or connect your laptop directly to the projector.

Personal, Unmarked or Outside Company Devices

Laptops with webcams are not allowed
